Numerous laws have seriously eroded the right to free speech in the UK. Laws now exist that can see you imprisoned for expressing views and opinions. Rabel does not condone hateful remarks, yet equally does not see legitimate expression of views to be a punishable crime.

***STAND WITH US TO RESTORE FREE  
SPEECH!!!***

A Christian street preacher was arrested and fined for expressing Biblical teaching. Another was wrongfully arrested and held in a cell under an interpretation of the Public Order Act. Many others have been arrested for expressing views on race, religion and sexual preferences. **WE NEED OPEN DEBATE, NOT SUPPRESSION!!!!**

Campaign with Rabel for a legal safeguard to free speech in the UK, except in cases of incitement to violence or other dangerous crimes.
